July 27, 2005

To: Arizona Corp. Commission  
Phoenix, Arizona

Subject: Water Rates in Ajo

Dear Sir,

We have two water companies in Ajo, one subject to the Corp. Commission and one that is not, both buy their water from Phelps Dodge Corp. Arizona Water Co. charges now charges over \$7.00 for each 1,000 gallons of water, the other water company called the Ajo Water District charges \$4.25 for every 1,000 gallons of water. Arizona water company has great density, the other water company has houses mostly at least one acre apart, Arizona Water is company is asking for another rate increase, we already have among the highest water rates in the State of Arizona.

Since both companies buy their water from Phelps Dodge how come you let Arizona Water Company charge almost twice as much as a water company not under your jurisdiction buty getting their supply from the same source, based on these facts alone, they should not be getting another raise.

Thank you
